

Chocolate Vanilla Swirl Cheesecake

A thick swirled cheesecake with rich chocolate and creamy vanilla

Yield:

16 servings

Ingredients:

Crust Ingredients:

1 cup chocolate graham cracker crumbs

4 tablespoons butter

2 tablespoons sugar

Cheesecake Ingredients:

6 ounces semisweet (53% or 62%) chocolate, coarsely chopped (or chips)

24 ounces cream cheese, softened

3/4 cup sugar

1 tablespoon cornstarch

4 eggs, at room temperature

8 ounces sour cream

1 teaspoon vanilla extract

Instructions:

1.
Combine crust ingredients and press into the bottom of a greased*
8-inch springform pan.** Wrap the outside of the springform pan with
aluminum foil to make it water-proof. Set foil-wrapped pan inside a
large roasting pan.

2. Start making the cheesecake filling by first melting the chocolate
in a double boiler or in the microwave (1 minute on HI). When melted,
stir until smooth. Set aside.

3. In a large bowl, stir cream cheese, sugar, and cornstarch until
creamy. (An electric mixer on low speed can be used, but it tends to
incorporate air into the batter which increases the risk of cracking on
top after or during baking.) Add eggs one at a time, stirring gently
after each addition. Blend in the sour cream and vanilla, scraping the
sides of the bowl as needed.

4. Add 3 cups of the cheesecake mixture to the melted chocolate and
stir until smooth. Dollop both kinds of batter over prepared crust.
Using a knife, gently swirl batters together until marbelized,
being
careful not to over-mix.

5. Transfer to an oven which has been preheated to 325 degrees. Pour hot water into the roasting pan, to come halfway up the side of the springform pan.***

6. Bake at 325 degrees for 70 minutes, or until set. Remove cheesecake from water and remove foil. Loosen the sides of the springform and cool cake on a wire rack. Refrigerate, uncovered, for 6 hours or overnight before serving. When cutting cheesecake, use a sharp knife and wash knife between cutting each slice.
